

Geography Department Summer Assignment

Please could you research:

- Rio 1992 Earth Summit
- Kyoto Protocol 1992
- Copenhagen Agreement 2009
- Doha Climate Gateway 2012
- The Paris Agreement 2015

Prepare a report which states the process that took place for each, who was there, what happened and the details of the agreements made.

In the case of Rio 1992, how was scale important in how the outcome played out (hint: Agenda 21) and for the Paris Agreement 2015, what was different about this one and why is it considered to be the most successful?

Students should either prepare an A3 resource or a written report of at least four sides. Please use visuals and text to help show an understanding of the content.

Enjoy!
