| **All Years** | National Apprenticeship Week (February) and National Careers Week (March)- a wide range of events and activities in school, including assemblies, presentations, lessons and lunchtime workshops from external providers. Opportunities for parental engagement.<br><br>Display<br>A range of displays provide students with an overview of their CEIAG journey through school and beyond. The displays include information on progression routes and pathways, job profiles, qualities and skills, options information and keynote events, in addition to the inclusion of role models and alumni to promote a range of careers. The purpose of these displays is to be both informative and aspirational. These displays will be both traditional and electronic and are updated regularly. Departments have subject specific CEIAG displays to put their curriculum in context of skills and associated careers. | | |
